Education

Purdue University West Lafayette, IN
First-Year Engineering; Intended B.S. Aeronautical and Astronautical Engineering *Graduation May 2030*

Experience

Abamerica Corp San Diego, CA
Employee *Jul 2025 - Jun 2026*

- Packaged and bottled car-scent products on a production line, consistently meeting daily output targets in a fast-paced manufacturing environment
- Operated a forklift and pallet jack to redesign warehouse storage layout, reducing item retrieval time and improving inventory accuracy across 50+ SKUs

Purdue Undergraduate Rocket Propulsion Lab West Lafayette, IN
Rotating Detonation Engine *Sep 2026 – Present*

Purdue IEEE West Lafayette, IN
Aerospace and Electronic Systems Society *Sep 2026 – Present*

Projects

Power Supply PCB San Diego, CA
Processing Systems Lab, Georgia Tech *Sep 2025 – Dec 2025*

- Worked in a research team to design and optimize a power supply PCB in Altium and migrate it to KiCad as part of an engineering project
- Created diagrams using Inkscape to simplify the circuit for future research groups to understand

Volunteering

Super Joey Foundation San Diego, CA
Chief Financial Officer *Aug 2022 - Dec 2025*

- Helped lead and organize multiple fundraising and volunteering events, manage the organization bank account, and oversee financial transactions
- Led and organized sessions at the local bank to teach kids about financial literacy and money management

Technical Skills

Programming: Java, Python, C, JavaScript, HTML/CSS
Engineering: Siemens NX, Ansys FEA, Drafting, Onshape, Inkscape
